The Magic World of the Incas 7D 6N

To visit the imperial city of Cusco, is to experience a magical world at the very heart of the Inca Empire. Here you will see impressive and enigmatic buildings constructed by cleverly carved stones that fit together with flawless precision, creating an ancient, yet at the same time almost futuristic architecture. From the city we visit the emblematic Inca Sanctuary; Machu Picchu's citadel. Next, we continue towards the fertile lands of the Sacred Valley, where we visit the Cyclopean ruins of old Inca temples and palaces, as well as the amazingly colourful indigeneous markets. This is an excursion in which you will experience nature at it's best whilst being fully immersed in the ancient culture of the Incas and sampling the exquisite Andean cuisine.
